Govt Degree College, Khaplu

LANGUAGES

Urdu (Native), English

HOBBIES

- Book Reading

PROFESSIONAL SUMMARY

Experienced Android Developer with a proven track record of years in mobile app development. I specialize in implementing modern architectural patterns such as **Repository Pattern with MVVM architecture**, enabling efficient data handling and separation of concerns. Expert in **Kotlin** and **Java**, I leverage the latest industry trends including **AdMob Mediation (Bidding)** and **Dagger Hilt** to deliver high-quality, scalable Android applications. Committed to continuous learning and platform compliance, I focus on building seamless user experiences through proactive bug resolution and optimized performance.
